

In Case of a Dust Control Inspection

- 1. Be cordial, professional and cooperative.**
- 2. Notify your Supervisor.**
- 3. Ask the Inspector to present his official identification.**
- 4. Have your permits, dust control plan and related documents ready.**
- 5. Document and record everything the Inspector says or does.**
- 6. Photograph and document all evidence of violation or compliance.**
- 7. When possible, take immediate action to correct any potential violation that the Inspector notes.**
- 8. Ask for an exit meeting to review the Inspector's findings.**
- 9. Request a copy of the report.**
- 10. Immediately contact an environmental consulting firm.**
